ADVERTISING RECOMMENDATIONS

To enable teams to recognise their sponsors, and thus raise financial support, the World ParaVolley Sport Department is now permitting teams to use advertising on jerseys, without a need for World ParaVolley licensing or payment of a fee.

It should be noted that advertising is not allowed in the Paralympic Games or other IPC-owned Regional Games such as the Parapan American Games.

World ParaVolley recommends that the size of the advertising should not exceed:

- 300 cm² in one block on the front of the jersey, and;
- 50 cm² on each jersey sleeve.

However, teams are permitted to use two blocks of advertising on the front of the jersey:

1. One 300cm² block above the number for one main team sponsor. Block is to be no more than 11cm high, and must contain only one line of text or one image.
2. One 300cm² block below the number. This can be used for one or multiple advertisers.

Use of the World ParaVolley logo is strongly recommended on a sleeve(s).
